Innovationskonkurrence 2012

- kan din gode idé forvandles til en kommerciel succes?

DK

Har du en god forretningsidé inden for den biobaserede økonomi? Herunder:

- jordbrug
- biomasse
- bioenergi
- miljøteknologi
- agroteknologi

kan du deltage i Agro Business Parks Innovationskonkurrence 2012. Konkurrencen giver dig mulighed for at vinde kr. 50.000 til at udvikle din idé.

Krav

For at deltage i konkurrencen kræves en god forretningsidé, som ikke tidligere har været markedsført. Din idé bliver bedømt ud fra dens aktualitet, teknologiske og videnskabelige nyhedsværdi, samt kommercielle potentiale. Derudover bliver mulighederne for at realisere idéen vurderet. Bedømmelsen foretages af en kompetent dommerkomité bestående af repræsentanter fra Agro Business Parks netværk.

Se konkurrenceregler på www.agropark.dk/konkurrence.

Præmie

Præmier for de bedste ideer/projekter er kr. 50.000. For vinderprojekterne gælder desuden, at de får tre måneders gratis ophold i Agro Business Parks innovationskontor samt gratis sparring i relation til forretningsudvikling og internationalisering.

Alle indsendte projekter får mulighed for sparring til forretningsudvikling samt mulighed for at blive præsenteret for relevante investorer igennem Agro Business Parks netværk.

UK

If you have a good business idea within the agricultural, biomass/bioenergy or environmental sectors, you can take part in Agro Business Park's Innovation Competition 2012, where you can win DKK 50,000 and have the opportunity to evolve your idea.

Requirements

To take part in the competition, your business idea must be a new idea which has not been marketed before.

Your idea will be judged on a variety of different values, including technological and knowledge-based news value, topicality and business potential, as well as the opportunity to realise the idea commercially.

The evaluation will be carried out by a competent panel of representatives from Agro Business Park's network. Competition rules can be found on www.agropark.dk/konkurrence.

Prize

The prizes for the best projects are DKK 50,000. Winning projects will be offered free use of Agro Business Park's innovation office and free guidance in relation to business development and internationalisation.

All promising projects submitted have the possibility of being presented to potential investors and to receive business support through Agro Business Park's network.
