

ROSGAARD A/S

BREEDING → SLAUGHTER

Quality in handling and planning from start to finish

Licensed to sell and distribute animals and semen from world famous DanAvl.

Buying and sale of weaners and finishers.

Owens and operates our own export stable.

Experience in handling and transporting live animals for 4 generations.

Sale and transport of piglets

Rosgaard A/S is a trading firm handling more than 700.000 weaners a year.

95 % of our business is based on export of weaners to several European countries.

The weaners are mostly traded on a regular delivery contract and we put a lot of time into and takes pride in building up trust between the buyer and the seller.

Our breeding animals

Licensed by

Rosgaard A/S are among the few Danish companies approved to sell and distribute semen and animals from DanAvl.

DanAvl is a global concept and brand and has a world famous breeding system based on more than 100 years of analysis, research and development.

Transport company

Our family-owned transport company, Chr. Rosgaard & Søn, has existed since 1925. Modern vehicles with all required facilities for live animals and with approval for long journeys.

At Rosgaard A/S we own and operate our own export stable with focus on hygienic, safe and rapid reloading. The wearers are inspected and approved for transportation by a Danish veterinarian.
